State Team Personnel

SALAA will appoint a minimum of:

- State Team Administrator.
 - Four Team Managers and four Team Coaches to travel with the team.
 - Of these manager/coaches, 2 will be female and 2 male.
-

Considerations

The Selection Panel will be made aware of any disciplinary warnings or exclusions (yellow or red cards) issued to eligible athletes at state events throughout the season. They must consider these before selecting an athlete to the team.

Under 15 Squad Selection Criteria

The top ranked eligible and nominated athletes up to the maximum athletes per event will be selected from the Little Athletics SA Combined Events Championships. A minimum score of 3000 points will be required.

STATE TEAM SELECTION STANDARD

Under 13 Squad Selection Criteria

Athletes will be selected based on results achieved at the Little Athletics SA State Individual Championships. The preliminary squad will be selected based on selecting the top ranked eligible and nominated athletes up to the maximum athletes per event. For certain events, a minimum performance standard may be set.

Under 13 Squad Finalisation

The preliminary squad will be modified to meet the constraints of selection. Athletes' performances will be scored as a percentage of the current Australian Best Performance for the event. The total of an athlete's scores in their selected events represents their value to the team.

To reduce the squad size to be less than or equal to the maximum athletes allowed:

Step	Action
1.	Remove the athletes with the lowest total scores
2.	Reallocate the events to other squad members.
3.	Consider results achieved by athletes in other competitions other than State Championships when reallocating.

Consideration will also be given to the individual athlete's workload for the ALAC competition, and potential relay compositions.

Athletes Exceeding the Event Limit

Where an athlete has too many events, they will be removed from their lowest scoring event(s). Those events will be allocated to other members of the squad as above. This may include removing an athlete from an individual event to select them in a relay team. Selector's may consult with individual athlete's coaches to help determine the best event mix for an athlete.

Not Meeting Performance Standards

Athletes will not be selected merely to fill the team numbers. If performances would not be competitive at the national level as compared to previous years ALACs they will not be selected. This includes if their performances are the best in the State.

STATE TEAM SELECTION STANDARD

Relay Selection

The selectors will recommend relay teams as part of the team selection. These will be finalised by the team management in preparation for the competition.

The 4x100m teams will generally be the four athletes in the squad with the best 100m times.

The Medley relay team will consider each athlete's 100m, 200m and 400m times. An estimated 300m time will be determined for each athlete. A combination of athletes will then be selected that has the potential to achieve the best time.

Multi-Class Athletes

Eligible and nominated Multi-Class athletes up to the maximum athletes per event based on their rankings at the State Individual Championships will be selected. This is provided they have met any Little Athletics Australia qualification standards. Athletes will be ranked using the Multiclass Baseline Scoring Tables.

Replacement Athletes

Where a selected athlete withdraws from the team prior to the competition, replacement athletes may be selected at the sole discretion of the selectors.

STATE TEAM SELECTION STANDARD
