 - 7.4. If fully automatic timing is not being used, three times must be lodged with the SBP claim.

- 7.5. Times must be checked and signed by the Chief Photo Finish Operator or the Chief Timekeeper and the Referee of the meeting.

 - 8.3. The performance will be measured either by using a calibrated and certified steel tape or bar or by an approved scientific measuring apparatus, the accuracy of which has been confirmed by a qualified Measurement Judge.
 - 8.4. The recording of a South Australian Best Performance requires the Referee to check the trial is measured correctly and to verify the measurement of the trial using a certified tape, except where an approved scientific measuring apparatus is being used.
9. Wind assistance will not be considered as a factor in determining South Australian Best Performances.
10. Claims for South Australian Best Performance will be accepted for individual events as follows:
 - 10.1. Existing South Australian Best Performance: The number of athletes/teams in the event will not be an impediment.
 - 10.2. New Event:

4. If the nominated Team Manager must leave the venue before the end of competition, they must advise the Technical Information Centre of the name of an Assistant Team Manager who will take their place.
5. All Clubs should ensure that athletes/parents are aware of the identity of their Team Manager.
6. The Team Manager is to act as a liaison for their Club officials, and to ensure that any event allocations that the Club is responsible for are fulfilled.

LR5 Eligibility

1. Each Association Competition will have a Registration Cut-Off date. All athletes must be registered with a Club by this date to be eligible for the competition.

3. Multi-Class (Para) athletes intending to enter designated Multi-Class athletics events must have a current Classification Certificate or a Letter of Provisional Classification from an accredited Track and Field Classifier.

Information about classification is available from the Australian Paralympic Committee – www.paralympic.com.au. Please contact the LASA Office for further information.

 - 41.3. The scoring allocation for finishing position in finals is as per the following table.

Placing	Score	Placing	Score
1 st	10	5 th	4

2 nd	8	6 th	3
3 rd	6	7 th	2
4 th	5	8 th	1

42. Field Relays

42.1. Points will be awarded for every athlete's performance. These points contribute to their teams point score.

42.2. Points will be awarded for every place in all events. No points are awarded when an athlete records No Measure (i.e. no valid attempt).

42.3. Count-backs will be used to break any ties in an event. If a tie remains, then the tied teams will share the available points as per the following example.

If two teams tie for second place in an event, then the points available to be shared are 24 for 2nd place plus 23 for 3rd place giving a total available of 47 points. These points are then shared equally giving 23.5 points each. The next team (in fourth place) will receive the normal points for fourth place, i.e. 22 points.

Similarly, if three teams tie for fourth place in an event then they receive 21 points each and the next team (in 7th place) receives the normal 19 points for 7th place.

42.4. The team points (for an age group) are the total points over all of their events. The team with the highest total points wins the Field Relay for that age group.

42.5. In the event of a tie for total team points in an age group, and it concerns a medal position, then the performances for the tying teams in each event will be expressed as a percentage of the State Best Performance for that event. These percentages will be totalled, and the team with the higher total will take the higher place. If the tie remains, then both teams will be awarded the same place.

42.6. Team points for places in each event will be as per the following table:

Place	Points	Place	Points	Place	Points
1	25	10	16	19	7
2	24	11	15	20	6
3	23	12	14	21	5
4	22	13	13	22	4
5	21	14	12	23	3
6	20	15	11	24	2
7	19	16	10	25	1
8	18	17	9	> 25	1
9	17	18	8
