SOUTH AUSTRALIAN LITTLE ATHLETICS ASSOCIATION

Drugs, Medicines, Anti-Doping and Smoke-Free Sporting Venues

Little Athletics SA has adopted the relevant Australian Athletics policies relating to drugs, medicines, supplements, anti-doping and conduct.

These policies provide the national framework for managing matters involving the improper use, possession or supply of drugs, medicines or supplements, anti-doping obligations, and related behaviour or conduct issues.

Little Athletics SA also recognises South Australian smoke-free and vape-free sporting venue requirements. In South Australia, smoking and vaping are banned in public areas at, or within 10 metres of, a sporting venue when an organised underage sporting event, training session or practice session is taking place.

Please refer to:

- Australian Athletics Improper Use of Drugs and Medicine Policy;
- Australian Athletics Anti-Doping Policy;
- Australian Athletics Code of Conduct;
- ORSR Smoke-Free Sporting Venues guidance.

Any concerns or suspected breaches should be reported through the appropriate Little Athletics SA, Australian Athletics or Sport Integrity Australia pathway.
