State Individual Championships and State Challenge 2021/22

The qualification process for the State Individual Championships is designed to ensure full fields for each event at the State Individual Championships.

For the Under 9 to Under 13 age groups, there are a limited number of places available in each event for each age group at the State Individual Championships.

The limits are as follows:

Events	Quota
Track events (other than Walks)	16
700m Walk, 1100m Walk, 1500m Walk*	8
Field Events	12

*Walk limit is based on these being conducted as mixed events, i.e. 8 boys and 8 girls.

Athletes may automatically qualify for the SICs by the following means

- (1) Achieving the automatic qualifying standard for the event on at least one occasion during the qualification period.
- (2) For athletes registered with a Country Centre, winning the event for their age group at their designated Country Championships (subject to minimum entry standards). For example, an athlete from Mt Gambier that wins the U10 Boys Long Jump at the South East Country Championships will be eligible for the U10 Boys Long Jump in the State Individual Championships.
- (3) Note: Athletes must nominate for the event for the State Individual Championships to claim the quota place.

At the close of entries, the remaining places will be filled by comparing the best performances of all athletes that have entered the event, with the best performances gaining a place (subject to minimum entry standards).

Athletes that do not gain a place for an event in the State Individual Championships will be entered into that event at the State Challenge. For example, an athlete that nominates for the 100m but does not gain a place for the State Individuals will be entered into the 100m at the State Challenge.

Athletes can nominate in up to five events. Depending on their qualification status and places available, some of those events may be in the State Individuals and some may be in the State Challenge – they are guaranteed a place in each event they nominate for in one of the Competitions.

There are no limits for Under 14 to Under 17 events.

All athletes must also meet the eligibility requirements for the State Individual Championships

- (1) Be a registered, paid, Little Athletics SA member on or before 31st December 2021.
- (2) Have competed and recorded results in 20 events with their centre/club within the qualifying period – 1/9/2021 to 27/2/2022.
- (3) Have two valid recorded performance in each event they wish to enter for the State Individual Championships/State Challenge.

Benchmark Performances

Fields for each event at the State Individual Championships are filled by allocating athletes to the events based on their best performance at the end of the qualification period.

Throughout the season, a table of performances will be available at <https://live.salaa.org.au/qualify> which shows the performance that is currently ranked at the limit and twice the limit for each event. For example, for the 100m the 16th and 32nd ranked performance are shown. Athletes who have a performance better than the 16th performance would be on track to qualify for the State Individual Championships. Athletes with a performance better than the 32nd performance would likely still gain a place in the SIC depending on how many athletes ranked above them choose to enter that event.

Minimum Entry Standards

The following events have minimum entry standards. Athletes will not be entered into the State Individual Championships unless their best performance is better than the minimum entry standard.
